Company Deposit	£1+	0.20	0.20	0.16

Explanation of terms

AER means Annual Equivalent Rate. AER illustrates what your interest rate would be if interest was paid and compounded each year and allows you to easily compare different ones.

Net Rate is the rate payable after the deduction of lower rate tax (which may be reclaimed by non-taxpayers on completion of an Inland Revenue R85 form). As the rate of tax may vary, the net rate is given for illustration only and is rounded to two decimal places.

Gross Rate means that credit interest is paid without income tax being deducted. You can receive your interest paid gross if you are a non-tax payer and have completed an Inland Revenue R85 form.

Please see the specific account terms and conditions for further information.
